*I Hate Democrats / I Hate Republicans* Tim Young 2018-10-30 | Hate Democrats/I Hate Republicans is a different kind of political commentary. Tim Young uses his trademark snark and outrageous personal stories to break down how both parties have their failings, and how our political system has been tainted by bias from all sides. He then engages you, the reader, in the hopes that you'll understand that the ultimate check and balance on our American political system is to first, check yourself. In this funny, intellectual, and controversial book, Young challenges you to open your mind to perspectives that you have previously written off, and admit as he has that at times, you yourself are outright wrong!

*Republican Rescue* Chris Christie 2021-11-16 Enough with the infighting, the truth-denying, the wild conspiracy claims, the looking backward, and the refusal to focus on the dangerous Biden agenda. Here's Chris Christie's urgent guide for recapturing Republican glory and winning elections again, told with all the New Jersey frankness and news-breaking insights that have made the two-term governor, Trump early endorser, and presidential candidate an indispensable voice and instant New York Times bestselling author. As governor of New Jersey and a key Trump insider and longtime friend, Chris Christie has always been known for speaking his mind. Now that the depressing 2020 election is finally behind us, he shares his bold insights on how a battered Republican Party can soar into the future and start winning big elections again. The wrong answers are everywhere. Dangerous conspiracy theorists. A tired establishment. Truth deniers and political cowards. In *Republican Rescue*, Christie reveals exactly how absurd grievances and self-inflicted wounds sabotaged Donald Trump's many successes and allowed Democrats to capture the White House, the House, and Senate in two years—a first for the GOP since the days of Herbert Hoover. In his frank and compelling voice, Christie dissects the last year of the Trump administration—which provoked nothing but conspiracy theories and infighting—and he lays out an honest and hopeful vision, explaining how Republicans can capture the future and save America from today's damaging Democratic excesses. The core Republican values of Abraham Lincoln, Teddy Roosevelt, and Ronald Reagan are as relevant now as they've ever been, Christie writes. Opportunity for all. A strong national defense. Leaders we can all be proud of. Americans in charge of their own lives. A federal government that answers to the people—not the other way around. But these Republican ideals need to be reinvented with fresh clarity and open arms. Christie watched in horror as some in his beloved party embraced paranoia and explained away violence. Determined to restore the party's integrity and success, he shows how to build a movement voters will flock to again, a Republicanism that's blunt, smart, conservative, potent, and perfectly suited for the 21st century.

**Indoctrination to Hate: Recruitment Techniques of Hate Groups and How to Stop Them** Edward W. Dunbar 2022-02-28 This book details the solicitation and indoctrination of members into extremist hate groups. Using theoretical, empirical, and field studies, experts explain the psychological processes of bias formation, hate identity, the stages of extremism, and detail first-person accounts of hate group membership and critical incidents of hate violence. Contributors draw significantly upon the current wave of reactionary political and racial intolerance witnessed in the United States and Europe in addressing specific groups and forms of hate extremism as found across different cultural and geographic regions. A statistically based analysis of how hate and ideology each contribute to political extremism accompanies the text and provides a long-term perspective of hate-based lifestyles. The book also offers a neuroscientific explanation of hate ideology as a psychological problem presenting a unique perspective, and a discussion of the interplay of governments and stakeholders in the untangling of the legal issues of hate crimes and of domestic and international terrorism. This text will be useful for students, researchers, and professionals in the social and behavioral sciences, law enforcement, criminal justice, and political science.

*What Happened* Hillary Rodham Clinton 2017-09-12 "An engaging, beautifully synthesized page-turner" (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton's most personal memoir yet, about the 2016 presidential election. In this "candid and blacfully funny" (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. "At her most emotionally raw" (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this "feminist manifesto" (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a "bracing... guide to our political arena" (The Washington Post), What Happened lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

*Follow the Leader?* Gabriel S. Lenz 2013-01-29 In a democracy, we generally assume that voters know the policies they prefer and elect like-minded officials who are responsible for carrying them out. We also assume that voters consider candidates' competence, honesty, and other performance-related traits. But does this actually happen? Do voters consider candidates' policy positions when deciding for whom to vote? And how do politicians' performances in office factor into the voting decision? In *Follow the Leader?*, Gabriel S. Lenz sheds light on these central questions of democratic thought. Lenz looks at citizens' views of candidates both before and after periods of political upheaval, including campaigns, wars, natural disasters, and episodes of economic boom and bust. Noting important shifts in voters' knowledge and preferences as a result of these events, he finds that, while citizens do assess politicians based on their performance, their policy positions actually matter much less. Even when a policy issue becomes highly prominent, voters rarely shift their votes to the politician whose position best agrees with their own. In fact, Lenz shows, the reverse often takes place: citizens first pick a politician and then adopt that politician's policy views. In other words, they follow the leader. Based on data drawn from multiple countries, *Follow the Leader?* is the most definitive treatment to date of when and why policy and performance matter at the voting booth, and it will break new ground in the debates about democracy.

**Stars with Stripes** Anthony Luzzatto Gardner 2020-03-24 For sixty years, the United States has supported European integration on a bipartisan basis—not only because this has served European interests, but because it has promoted American interests as well. As core partners in transatlantic efforts to address regional and global economic, political and security challenges, the US and the EU have collaborated critically over the years to make the world a less turbulent place. That is, until the 2016 election of Donald J. Trump. In this era of Brexit and President Trump's incendiary rhetoric regarding Europe, it has never been more important to understand and defend the EU as a significant and valuable American ally. Written by President Barack Obama's Ambassador to the European Union, Stars with Stripes provides an analytic yet accessible look at how the US and the EU have worked together effectively on numerous core issues such as trade, the digital economy, climate change and more. In blending humor, personal experience, references to popular culture, and incisive analyses of the major issues and players in the diplomatic relationship between the US and the EU, former Ambassador Anthony Luzzatto Gardner tells an illuminating story of this essential partnership, and provides an exclusive insider look at US/EU diplomacy as well as the Brussels political scene.

*I Alone Can Fix It* Carol Leonnig 2021-07-20 The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. "Chilling." - Anderson Cooper "Jaw-dropping." - John Berman "Shocking." - John Heilemann "Explosive." - Hallie Jackson "Blockbuster new reporting." - Nicole Wallace "Bracing new revelations." - Brian Williams "Bombshell reporting." - David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members—Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

*The Case for Trump* Victor Davis Hanson 2019-03-05 This New York Times bestselling Trump biography from a major American intellectual explains how a renegade businessman became one of the most successful -- and necessary -- presidents of all time. In The Case for Trump, award-winning historian and political commentator Victor Davis Hanson explains how a celebrity businessman with no political or military experience triumphed over sixteen well-qualified Republican rivals, a Democrat with a quarter-billion-dollar war chest, and a hostile media and Washington establishment to become president of the United States -- and an extremely successful president. Trump alone saw a political opportunity in defending the working people of America's interior whom the coastal elite of both parties had come to scorn, Hanson argues. And Trump alone had the instincts and energy to pursue this opening to victory, dismantle a corrupt old order, and bring long-overdue policy changes at home and abroad. We could not survive a series of presidencies as volatile as Trump's. But after decades of drift, America needs the outsider Trump to do what normal politicians would not and could not do.

**Justice on the Brink** Linda Greenhouse 2021-11-09 "This landmark new book gives us an invaluable perspective on the Supreme Court in democracy's hour of maximum danger." —Jon Meacham The gripping story of the year that transformed the Supreme Court into the court of Donald Trump and Amy Coney Barrett, from the Pulitzer Prize-winning law columnist for The New York Times At the end of the Supreme Court's 2019-20 term, the center was holding. The predictions that the court would move irrevocably to the far right hadn't come to pass, as the justices released surprisingly moderate opinions in cases involving abortion rights, LGBTQ rights, and how local governments could respond to the pandemic, all shepherded by Chief Justice John Roberts. By the end of the 2020-21 term, much about the nation's highest court has changed. The right-wing supermajority had completed its first term on the bench, cementing Donald Trump's legacy on American jurisprudence. This is the story of that term. From the death of Ruth Bader Ginsburg to the rise of Amy Coney Barrett, from the pandemic to the election, from the Trump campaign's legal challenges to the ongoing debate about the role of religion in American life, the Supreme Court has been at the center of many of the biggest events of the year. Throughout Justice on the Brink, legendary journalist Linda Greenhouse, who won a Pulitzer Prize for her Supreme Court coverage, gives us unique insight into a court under stress, providing the context and brilliant analysis readers of her work in The New York Times have come to expect. Ultimately, Greenhouse asks a fundamental question relevant to all Americans: Is this still John Roberts's Supreme Court, or does it now belong to Donald Trump?

**This Will Not Pass** Jonathan Martin 2022-05-03 NEW YORK TIMES BESTSELLER ? The shocking, definitive account of the 2020 election and the first year of the Biden presidency by two New York Times reporters, exposing the deep fissures within both parties as the country approaches a political breaking point. This is the authoritative account of an eighteen-month crisis in American democracy that will be seared into the country's political memory for decades to come. With stunning, in-the-room detail, New York Times reporters Jonathan Martin and Alexander Burns show how both our political parties confronted a series of national traumas, including the coronavirus pandemic, the January 6 attack on the Capitol, and the political brinksmanship of President Biden's first year in the White House. From Donald Trump's assault on the 2020 election and his ongoing campaign of vengeance against his fellow Republicans, to the behind-the-scenes story of Biden's selection of Kamala Harris as his running mate and his bitter struggles to unite the Democratic Party, this book exposes the degree to which the two-party system has been strained to the point of disintegration. More than at any time in recent history, the long-established traditions and institutions of American politics are under siege as a set of aging political leaders struggle to hold together a changing country. Martin and Burns break news on most every page, drawing on hundreds of interviews and never-before-seen documents and recordings from the highest levels of government. The book asks the vitally important (and disturbing) question: can American democracy, as we know it, ever work again?

**On Fascism** Matthew C. MacWilliams 2020-09-29 "The twelve lessons in On Fascism draws from American history and brilliantly complement those of Timothy Snyder's On Tyranny." —Laurence Tribe An expert on American authoritarianism offers a searing rebuke of the exceptional narrative that dominates our understanding of US history. In 12 lessons, Matthew C. MacWilliams' On Fascism exposes the divisive rhetoric, strongman tactics, violent othering, and authoritarian attitudes that course through American history and compete with our egalitarian, democratic aspirations. Trumpism isn't new, but rooted in our refusal to come to terms with this historical reality. The United States of Lynchermood, as Mark Twain labeled America. Lincoln versus Douglas. The Chinese Exclusion Act. The Trail of Tears. The internment of Japanese-Americans. The Palmer Raids. McCarthyism. The Surveillance State. At turning points throughout history, as we aspired toward great things, we also witnessed the authoritarian impulse drive policy and win public support. Only by confronting and reconciling this past, can America move forward into a future rooted in the motto of our Republic since 1782: e pluribus unum (out of many, one). But this book isn't simply an indictment. It is also a celebration of our spirit, perseverance, and commitment to the values at the heart of the American project. Along the way, we learn about many American heroes - like Ida B. Wells, who dedicated her life to documenting the horrors of lynching throughout the nation, or the young Jewish-American who took a beating for protesting a Nazi rally in New York City in 1939. Men and women who embodied the soaring, revolutionary proclamations set forth in the Declaration of Independence and the Preamble to the Constitution. On Fascism is both an honest reckoning and a call for reconciliation. Denial and division will not save the Republic, but coming to terms with our history might.

**The Wall** Vanda Felbab-Brown 2017-08-22 In her Brookings Essay, The Wall, Brookings Senior Fellow Vanda Felbab-Brown explains the true costs of building a barrier along the U.S.-Mexico border, including (but not limited to) the estimated \$12 to \$21.6 billion price tag of construction. Felbab-Brown explains the importance of the United States' relationship with Mexico, on which the U.S. relies for cooperation on security, environmental, agricultural, water-sharing, trade, and drug smuggling issues. The author uses her extensive on-the-ground experience in Mexico to illustrate the environmental and community disruption that the construction of a wall would cause, while arguing that the barrier would do nothing to stop illicit flows into the United States. She recalls personal interviews she has had with people living in border areas, including a woman whose family relies on remittances from the U.S., a teenager trying to get out of a local gang, and others.

*Fascism: A Warning* Madeleine Albright 2018-04-10 #1 New York Times Bestseller Best Books of 2018 --"The Economist A personal and urgent examination of fascism in the twentieth century and how its legacy shapes today's world, written by one of America's most admired public servants, the first woman to serve as U.S. secretary of state A Fascist, observes Madeleine Albright, "is someone who claims to speak for a whole nation or group, is utterly unconcerned with the rights of others, and is willing to use violence and whatever other means are necessary to achieve the goals he or she might have." The twentieth century was defined by the clash between democracy and Fascism, a struggle that created uncertainty about the survival of human freedom and left millions dead. Given the horrors of that experience, one might expect the world to reject the spiritual successors to Hitler and Mussolini should they arise in our era. In *Fascism: A Warning*, Madeleine Albright draws on her experiences as a child in war-torn Europe and her distinguished career as a diplomat to question that assumption. Fascism, as she shows, not only endured through the twentieth century but now presents a more virulent threat to peace and justice than at any time since the end of World War II. The momentum toward democracy that swept the world when the Berlin Wall fell has gone into reverse. The United States, which historically championed the free world, is led by a president who exacerbates division and heaps scorn on democratic institutions. In many countries, economic, technological, and cultural factors are weakening the political center and empowering the extremes of right and left. Contemporary leaders such as Vladimir Putin and Kim Jong-un are employing many of the tactics used by Fascists in the 1920s and 30s. *Fascism: A Warning* is a book for our times that is relevant to all times. Written by someone who has not only studied history but helped to shape it, this call to arms teaches us the lessons we must understand and the questions we must answer if we are to save ourselves from repeating the tragic errors of the past.

**The World as It Is** Ben Rhodes 2019-04-02 NEW YORK TIMES BESTSELLER • From one of Barack Obama's most trusted aides comes a revelatory behind-the-scenes account of his presidency—and how idealism can confront harsh reality and still survive. "The closest view of Obama we're likely to get until he

publishes his own memoir."—George Packer, The New Yorker NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN For nearly ten years, Ben Rhodes saw almost everything that happened at the center of the Obama administration—first as a speechwriter, then as deputy national security advisor, and finally as a multipurpose aide and close collaborator. He started every morning in the Oval Office with the President's Daily Briefing, traveled the world with Obama, and was at the center of some of the most consequential and controversial moments of the presidency. Now he tells the full story of his partnership—and, ultimately, friendship—with a man who also happened to be a historic president of the United States. Rhodes was not your typical presidential confidant, and this is not your typical White House memoir. Rendered in vivid, novelistic detail by someone who was a writer before he was a staffer, this is a rare look inside the most poignant, tense, and consequential moments of the Obama presidency—waiting out the bin Laden raid in the Situation Room, responding to the Arab Spring, reaching a nuclear agreement with Iran, leading secret negotiations with the Cuban government to normalize relations, and confronting the resurgence of nationalism and nativism that culminated in the election of Donald Trump. In *The World as It Is*, Rhodes shows what it was like to be there—from the early days of the Obama campaign to the final hours of the presidency. It is a story populated by such characters as Susan Rice, Samantha Power, Hillary Clinton, Bob Gates, and—above all—Barack Obama, who comes to life on the page in moments of great urgency and disarming intimacy. This is the most vivid portrayal yet of Obama's worldview and presidency, a chronicle of a political education by a writer of enormous talent, and an essential record of the forces that shaped the last decade. Praise for *The World as It Is* "A book that reflects the president [Rhodes] served—intelligent, achievable, compelling and principled. . . . a classic coming-of-age story, about the journey from idealism to realism, told with candor and immediacy. . . . His amiable, is rare for a political memoir: He has written a humane and honorable book."—Joe Klein, The New York Times Book Review *Trump and Us* Roderick P. Hart 2020-02-14 Why did 62 million Americans vote for Donald Trump? Trump and Us offers a fresh perspective on this question, taking seriously the depth and breadth of Trump's support. An expert in political language, Roderick P. Hart turns to Trump's words, voters' remarks, and media commentary for insight. The book offers the first systematic rhetorical analysis of Trump's 2016 campaign and early presidency, using text analysis and archives of earlier presidential campaigns to uncover deep emotional undercurrents in the country and provide historical comparison. Trump and Us pays close attention to the emotional dimensions of politics, above and beyond cognition and ideology. Hart argues it was not partisanship, policy, or economic factors that landed Trump in the Oval Office but rather how Trump made people feel.

**The Politics of Hate Speech** Laws Alexander Brown 2019-10-05 This book examines the complex relationship between politics and hate speech laws, domestic and international. How do political contexts shape understandings of what hate speech is and how to deal with it? Why do particular states enact hate speech laws and then apply, extend or reform them in the ways they do? What part does hate speech play in international affairs? Why do some but not all states negotiate, agree and ratify international hate speech frameworks or instruments? What are some of the best and worst political arguments for and against hate speech laws? Do political figures have special moral duties to refrain from hate speech? Should the use of hate speech by political figures be protected by parliamentary privilege? Should this sort of hyperpolitical hate speech be subject to the laws of the land, civil and criminal? Or should it instead be handled by parliamentary codes of conduct and procedures or even by political parties themselves? What should the codes of conduct look like? Brown and Sinclair answer these important and overlooked questions on the politics of hate speech laws, providing a substantial body of new evidence, insights, arguments, theories and practical recommendations. The primary focus is on the UK and the US but several other country contexts are also explored and compared in detail, including: Nigeria, Kenya, South Africa, India, China, Japan, Turkey, Germany, Hungary, and Italy. Methodologically, the two authors draw on approaches and concepts from a range of academic disciplines, including: law and legal theory, political theory, applied ethics, political science and sociology, international relations theory and international law.

**The New Class War** Michael Lind 2020-01-21 In both Europe and North America, populist movements have shattered existing party systems and thrown governments into turmoil. The embattled establishment claims that these populist insurgencies seek to overthrow liberal democracy. The truth is no less alarming but is more complex: Western democracies are being torn apart by a new class war. In this controversial and groundbreaking new analysis, Michael Lind, one of America's leading thinkers, debunks the idea that the insurgencies are primarily the result of bigotry, traces how the breakdown of mid-century class compromises between business and labor led to the conflict, and reveals the real battle lines. On one side is the managerial overclass—the university-credentialed elite that clusters in high-income hubs and dominates government, the economy and the culture. On the other side is the working-class of the low-density heartlands—mostly, but not exclusively, native and white. The two classes clash over immigration, trade, the environment, and social values, and the managerial class has had the upper hand. As a result of the half-century decline of the institutions that once empowered the working class, power has shifted to the institutions the overclass controls: corporations, executive and judicial branches, universities, and the media. The class war can resolve in one of three ways: • The triumph of the overclass, resulting in a high-tech caste system. • The empowerment of populist, resulting in no constructive reforms • A class compromise that provides the working class with real power Lind argues that Western democracies must incorporate working-class majorities of all races, ethnicities, and creeds into decision making in politics, the economy, and culture. Only this class compromise can avert a never-ending cycle of clashes between oligarchs and populists and save democracy.

**((Semitism!)): Being Jewish in America in the Age of Trump** Jonathan Weisman 2018-03-20 In the wake of Donald Trump's election and the Pittsburgh synagogue massacre, ((Semitism!)) is a powerful book that examines how we can fight anti-Semitism in America A San Francisco Chronicle Reader Recommendation The Washington Post: "Timely...[A] passionate call to arms." Jewish Book Council: "Could not be more important or timely." Bernard-Henri Lévy: "It would be wonderful if anti-Semitism was a European speciality and stopped at the border with the United States. Alas, this is not the case. Jonathan Weisman's new book (((Semitism!))) shows why..." Michael Eric Dyson: "With eloquence and poignancy Weisman shows how hatred can slowly and quietly chew away at the moral fabric of society. We now live in an age where more than ever bigotry and oppression no longer need to hide in fear of reproach. The floodgates have opened. This is much more than a personal response to the bigotry he experienced because of his Jewishness; Weisman has written a manifesto that outlines the dangers of marginalizing and demonizing all minority groups. This powerful book is for all of us." Anti-Semitism has always been present in American culture, but with the rise of the Alt Right and an uptick of threats to Jewish communities since Trump took office, including the the Pittsburgh synagogue massacre, New York Times editor Jonathan Weisman has produced a book that could not be more important or timely. When Weisman was attacked on Twitter by a wave of neo-Nazis and anti-Semites, witnessing tropes such as the Jew as a leftist anarchist; as a rapacious, Wall Street profiteer; and as a money-bags financier orchestrating war for Israel, he stopped to wonder: How has the Jewish experience changed, especially under a leader like Donald Trump? In (((Semitism!))), Weisman explores the disconnect between his own sense of Jewish identity and the expectations of his detractors and supporters. He delves into the rise of the Alt Right, their roots in older anti-Semitic organizations, the odd ancientness of their grievances—cloaked as they are in contemporary, techy hipsterism—and their aims—to spread hate in a palatable way through a political structure that has so suddenly become tolerant of their views. He concludes with what we should do next, realizing that vicious as it is, anti-Semitism must be seen through the lens of more pressing threats. He proposes a unification of American Judaism around the defense of self and of others even more vulnerable: the undocumented immigrants, refugees, Muslim Americans, and black activists who have been directly targeted, not just by the tolerated Alt Right, but by the Trump White House itself.

*The Plague Year* Lawrence Wright 2021 Beginning with the absolutely critical first moments of the outbreak in China, and ending with an epilogue on the vaccine rollout and the unprecedented events between the election of Joseph Biden and his inauguration, Lawrence Wright's *The Plague Year* surges forward with essential information—and fascinating historical parallels—examining the medical, economic, political, and social ramifications of the COVID-19 pandemic. **There Is Nothing for You Here** Fiona Hill 2021-09-07 A celebrated foreign policy expert and key impeachment witness reveals how declining opportunity has set America on the grim path of modern Russia--and draws on her personal journey out of poverty, and her unique perspectives as an historian and policy maker, to show how we can return hope to our forgotten places.

**Killing African Americans** Noel A. Cazenave 2018-05-16 Killing African Americans examines the pervasive, disproportionate, and persistent police and vigilante killings of African Americans in the United States as a racial control mechanism that sustains the racial control system of systemic racism. Noel A. Cazenave's well-researched and conceptualized historical sociological study is one of the first books to focus exclusively on those killings and to treat them as political violence. Few issues have received as much conventional and social media attention in the United States over the past few years or have, for decades now, sparked so many protests and so often strained race relations to a near breaking point. Because of both its timely and its enduring relevance, Killing African Americans can reach a large audience composed not only of students and scholars, but also of Movement for Black Lives activists, politicians, public policy analysts, concerned police officers and other criminal justice professionals, and anyone else eager to better understand this American nightmare and its solutions from a progressive and informed African American perspective.

**Language in the Trump Era** Janet McIntosh 2020-08-31 Early in his campaign, Donald Trump boasted that 'I know words. I have the best words', yet despite these assurances his speech style has sown conflict even as it has powered his meteoric rise. If the Trump era feels like a political crisis to many, it is also a linguistic one. Trump has repeatedly alarmed people around the world, while exciting his fan-base with his unprecedented rhetorical style, shock-tweeting, and weaponized words. Using many detailed examples, this fascinating and highly topical book reveals how Trump's rallying cries, boasts, accusations, and mockery enlist many of his supporters into his alternate reality. From Trump's relationship to the truth, to his use of gesture, to the anti-immigrant tenor of his language, it illuminates the less obvious mechanisms by which language in the Trump era has widened divisions along lines of class, gender, race, international relations, and even the sense of truth itself.

*It Was All a Lie* Stuart Stevens 2021-09 "An indictment of the Republican party from one of the most successful Republican political operative of his generation"

**Hillbilly Elegy** J. D. Vance 2018-05-01 THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—"The Economist "A riveting book."—"The Wall Street Journal" "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

*Insurgency* Jeremy W. Peters 2022-02-08 How did the party of Lincoln become the party of Trump? From an acclaimed political reporter for The New York Times comes the definitive story of the mutiny that shattered American politics. "A bracing account of how the party of Lincoln and Reagan was hijacked by gaffles and grifters who reshaped their movement into becoming an anti-democratic cancer that attacked the U.S. Capitol."—Joe Scarborough Jeremy W. Peters's epic narrative chronicles the fracturing of the Republican Party. Insurgency is a fantasia-like story of a party establishment that believed it could control the dark energy it helped formed—right up until it suddenly couldn't. How, Peters asks, did conservative values that Republicans claimed to cherish, like small government, fiscal responsibility, and morality in public service, get completely eroded as an unshakable faith in Donald Trump grew to define the party? The answer is a tale traced across three decades—with new reporting and firsthand accounts from the people who were there—of populist uprisings that destabilized the party. The signs of conflict were plainly evident for anyone who cared to look. After Barack Obama's election convinced many Republicans that they faced an existential demographics crossroads, many believed the only way to save the party was to create a more inclusive and diverse coalition. But party leaders underestimated the energy and popular appeal of those who would pull the party in the opposite direction. They failed to see how the right-wing media they hailed as truth-telling was warping the reality in which their voters lived. And they did not understand the complicated moral framework by which many conservatives would view Trump, leading evangelicals and one-issue voters to shed Republican orthodoxy if it delivered a Supreme Court that would undo Roe v. Wade. In this sweeping history, Peters details key junctures and episodes to unfold the story of a revolution from within. Its architects had little interest in the America of the new century but a deep understanding of the iron will of a shrinking minority. With Trump as their polestar, their gamble paid greater dividends than they'd ever imagined, extending the life of far-right conservatism in United States domestic policy into the next half century.

**Utopia and Dystopia in the Age of Trump** Barbara Brodman 2019-06-04 Utopia and Dystopia in the Age of Trump focuses on utopias and dystopias that either prefigure or suggest alternatives to the rise of individuals such as Donald J. Trump and the changing conditions of America we now see around us. These topical studies provide compelling reading for both the general reader and the specialist.

**Mr. Trump's Wild Ride** Major Garrett 2018-09-18 Major Garrett has been reporting on the White House for nearly two decades, covering four different presidencies for three news outlets. But if he thought that his distinguished journalistic career had prepared him for the unique challenges of covering Donald Trump, he was in for a surprise. Like many others in Washington, Garrett found himself having to learn many of his own settled notions about the nature and function of the presidency. He also had to separate the carnival-like noise of the Trump presidency from its underlying substance. For even in its first half, Trump's tenure has been highly consequential. In Mr. Trump's Wild Ride, Major Garrett provides what journalists are often said to do, but usually don't: a true first draft of history. His goal was to sift through the mountains of distracting tweets and shrieking headlines in order to focus on the most significant moments of Trump's young presidency, the ones that Garrett believes will have a lasting impact. The result is an authoritative, mature, and consistently entertaining account of one of the strangest eras in American political history. A consummate professional with unimpeachable integrity, remarkable storytelling skills, and a deep knowledge of his subject earned through decades of experience, Garrett brings to life the twists and turns of covering this White House and its unconventional occupant with wit, sagacity and style. Mr. Trump's Wild Ride should place him securely in the first rank of Washington journalists.

**Section 1557 of the Affordable Care Act** American Dental Association 2017-05-24 Section 1557 is the nondiscrimination provision of the Affordable Care Act (ACA). This brief guide explains Section 1557 in more detail and what your practice needs to do to meet the requirements of this federal law. Includes sample notices of nondiscrimination, as well as taglines translated for the top 15 languages by state.

**The Mueller Report** Robert S. Mueller 2019-04-26 This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

**Getting Real About Inequality** Cherise A. Harris 2022-01-11 Getting Real About Inequality is a contributed reader that gives instructors a set of materials to help them moderate civil, productive, and social-science-based discussions with their students about social statuses and identities. It is organized around myths and stereotypes that students might already believe or be familiar with, and employs an intersectional perspective to underscore the nuanced mechanisms of power and inequality that are often lost in everyday discourse.

**Nobody Hates Trump More Than Trump** David Shields 2018-09-10

*Foreign Goods* Jingan Young 2018-01-19 An essential introduction to the British East Asian theatrical community, this is a collection of full plays, short plays and monologues from British East Asian writers, including Jingan Young, Kathryn Golding, Amber Hsu, Cathy Lam, Lucy Chau Lai-Tuen, Tan Suet Lee, Julie

Cheung Inhin & Stephen Hoo. Contains a foreword written by David Henry Hwang and Jingan Young.

**GERMANY HAS FALLEN** Arikpo Lawrence Omini 2018-10-10 In a world bedevilled by wars, hunger, inequality, social injustice, racial discrimination and intolerance, almost all of the world's rich societies such as America, the European Union, Australia and Asia set up immigration barriers in order to keep migrants and refugees from coming through their borders and seeking a new and better life, different from the one they knew before, but migrants aren't deterred. They still travel to those countries' frontiers, defying warnings, hoping to make it. In recent years, Germany has taken in many foreign migrants who fled violence, persecution, hunger and death amid a growing atmosphere of resentment, xenophobia, racism and bigotry partly ushered in by the coming to power of the United States of America's dystopian demagogue Hurricane Donald Trump, who endorses politics of hate, ethnic prejudice and religion mostly because these minorities don't look like him. Some of these people pass through hardships into the Sahara Desert. Some are raped while others are used as guinea pigs as their lives are uprooted for transactional purposes. Some are sold and forced into labour while others are killed. Those who survive the ordeal into the Mediterranean Sea lose their lives in unseaworthy boats. What's the end game to this whole global crisis? Will the world cooperate to resolve global issues besieging the world and tackle the forces that enthrone them? Should we still believe in the hope offered the world by the Fall of Berlin Wall, or, should we, in these strange times, believe the Wall has gone right back up?

**Complex Networks and Their Applications VIII** Hocine Cherifi 2019-11-26 This book highlights cutting-edge research in the field of network science, offering scientists, researchers, students, and practitioners a unique update on the latest advances in theory and a multitude of applications. It presents the peer-reviewed proceedings of the Eighth International Conference on Complex Networks and their Applications (COMPLEX NETWORKS 2019), which took place in Lisbon, Portugal, on December 10-12, 2019. The carefully selected papers cover a wide range of theoretical topics such as network models and measures; community structure, and network dynamics; diffusion, epidemics, and spreading processes; resilience and control as well as all the main network applications, including social and political networks; networks in finance and economics; biological and neuroscience networks; and technological networks.

**A Child's First Book of Trump** Michael Ian Black 2016-07-05 What do you do when you spot a wild Trump in the election season? New York Times bestselling author and comedian Michael Ian Black has some sage advice for children (and all the rest of us who are scratching our heads in disbelief) in this perfectly timely parody picture book intended for adults that would be hysterical if it wasn't so true. The beastly is called an American Trump. Its skin is bright orange, its figure is plump. Its fur so complex you might get enveloped. Its hands though are, sadly, underdeveloped. The Trump is a curious creature, very often spotted in the wild, but confounding to our youngest citizens. A business mogul, reality TV host, and now...political candidate? Kids (and let's be honest many adults) might have difficulty discerning just what this thing that's been dominating news coverage this election cycle is. Could he actually be real? Are those...words coming out of his mouth? Why are his hands so tiny? And perhaps most importantly, what on earth do you do when you encounter an American Trump? With his signature wit and a classic picture book style, comedian Michael Ian Black introduces those unfamiliar with the Americus Trumpus to his distinguishing features and his mystifying campaign for world domination...sorry...President of the United States.

**3 Movements (Feminism, LGBT Rights, Marriage Equality)**, **2 Diaries**, **1 Trans Woman's Message** TaraElla 2017-02-20 Natalie is a young trans woman living in the early 21st century. Her diaries chart both her own transition story, and the cultural and political events of the 2000s and 2010s in the US, UK and Australia. In the beginning, she had felt rejected by feminism all her life, and also decided to reject feminism. Feminism's complicated relationship with marriage equality, something she was passionate about, became yet another reason for her to reject feminism. However, as feminism changed, so did her perspective. Did Natalie ultimately decide to become a feminist? And if so, on what terms? From the author: "I could have written a manifesto of inclusive feminism, but I know that some of you would still be unconvinced. So instead here is a story, inspired by real life stories I have known. I am sure many of you will be convinced of the need for a more inclusive feminism after reading this. While Natalie's story is fictional, the perspective taken on both being trans and the social and political movements of the 2000s and 2010s are inspired by real life accounts, and represent the very real perceptions of real people living today. Stories like Natalie's are out there everywhere, and if feminism is to be truly inclusive and effective, the messages contained in this book should be seriously considered."

**Burying White Privilege** Miguel A. De La Torre 2018-12-11 Short. Timely. Poignant. Pointed. Burying White Privilege is all of these and more. This is the book that everybody who cares about contemporary American Christianity will want to read. Many people wonder how white Christians could not only support Donald Trump for president but also rush to defend an accused child molester running for the US Senate. In a 2017 essay that went viral, Miguel A. De La Torre boldly proclaimed the death of Christianity at the hands of white evangelical nationalists. He continues sounding the death knell in this book. De La Torre argues that centuries of oppression and greed have effectively ruined evangelical Christianity in the United States. Believers and clerical leaders have killed it,

choosing profits over prophets. The silence concerning—if not the doctrinal justification of—racism, classism, sexism, and homophobia has made white Christianity satanic. Prophetically calling Christian nationalists to repentance, De La Torre rescues the biblical Christ from the distorted Christ of white Christian imagination.

**White Working Class** Joan C. Williams 2017-05-16 "I recommend a book by Professor Williams, it is really worth a read, it's called White Working Class." -- Vice President Joe Biden on Pod Save America An Amazon Best Business and Leadership book of 2017 Around the world, populist movements are gaining traction among the white working class. Meanwhile, members of the professional elite—journalists, managers, and establishment politicians—are on the outside looking in, left to argue over the reasons. In *White Working Class*, Joan C. Williams, described as having "something approaching rock star status" by the *New York Times*, explains why so much of the elite's analysis of the white working class is misguided, rooted in class cluelessness. Williams explains that many people have conflated "working class" with "poor"—but the working class is, in fact, the elusive, purportedly disappearing middle class. They often resent the poor and the professionals alike. But they don't resent the truly rich, nor are they particularly bothered by income inequality. Their dream is not to join the upper middle class, with its different culture, but to stay true to their own values in their own communities—just with more money. While white working-class motivations are often dismissed as racist or xenophobic, Williams shows that they have their own class consciousness. *White Working Class* is a blunt, bracing narrative that sketches a nuanced portrait of millions of people who have proven to be a potent political force. For anyone stunned by the rise of populist, nationalist movements, wondering why so many would seemingly vote against their own economic interests, or simply feeling like a stranger in their own country, *White Working Class* will be a convincing primer on how to connect with a crucial set of workers—and voters.

**American Hate** Arjun Singh Sethi 2018-08-07 "Amid the ugly realities of contemporary America, *American Hate* affirms our courage and inspiration, opening a roadmap to reconciliation by means of the victims' own words." —NPR Books "The collection offers possible solutions for how people, on their own or working with others, can confront hate." —San Francisco Chronicle A San Francisco Chronicle Books Pick One of Bitch Media's "13 Books Feminists Should Read in August" One of Paste Magazine's "The 10 Best Books of August 2018" A moving and timely collection of testimonials from people impacted by hate before and after the 2016 presidential election In *American Hate: Survivors Speak Out*, Arjun Singh Sethi, a community activist and civil rights lawyer, chronicles the stories of individuals affected by hate. In a series of powerful, unfiltered testimonials, survivors tell their stories in their own words and describe how the bigoted rhetoric and policies of the Trump administration have intensified bullying, discrimination, and even violence toward them and their communities. We hear from the family of Khalid Jabara, who was murdered in Tulsa, Oklahoma, in August 2016 by a man who had previously harassed and threatened them because they were Arab American. Sethi brings us the story of Jeanette Vizguerra, an undocumented mother of four who took sanctuary in a Denver church in February 2017 because she feared deportation under Trump's cruel immigration enforcement regime. Sethi interviews Taylor Dumpson, a young black woman who was elected student body president at American University only to find nooses hanging across campus on her first day in office. We hear from many more people impacted by the Trump administration, including Native, black, Arab, Latinx, South Asian, Southeast Asian, Muslim, Jewish, Sikh, undocumented, refugee, transgender, queer, and people with disabilities. A necessary book for these times, *American Hate* explores this tragic moment in U.S. history by empowering survivors whose voices white supremacists and right-wing populist movements have tried to silence. It also provides ideas and practices for resistance that all of us can take to combat hate both now and in the future.

**Mr. Putin** Fiona Hill 2015-02-02 From the KGB to the Kremlin: a multidimensional portrait of the man at war with the West. Where do Vladimir Putin's ideas come from? How does he look at the outside world? What does he want, and how far is he willing to go? The great lesson of the outbreak of World War I in 1914 was the danger of misreading the statements, actions, and intentions of the adversary. Today, Vladimir Putin has become the greatest challenge to European security and the global world order in decades. Russia's 8,000 nuclear weapons underscore the huge risks of not understanding who Putin is. Featuring five new chapters, this new edition dispels potentially dangerous misconceptions about Putin and offers a clear-eyed look at his objectives. It presents Putin as a reflection of deeply ingrained Russian ways of thinking as well as his unique personal background and experience. Praise for the first edition If you want to begin to understand Russia today, read this book. —Sir John Scarlett, former chief of the British Secret Intelligence Service (MI6) For anyone wishing to understand Russia's evolution since the breakup of the Soviet Union and its trajectory since then, the book you hold in your hand is an essential guide.—John McLaughlin, former deputy director of U.S. Central Intelligence Of the many biographies of Vladimir Putin that have appeared in recent years, this one is the most useful. —Foreign Affairs This is not just another Putin biography. It is a psychological portrait. —The Financial Times Q: Do you have time to read books? If so, which ones would you recommend? "My goodness, let's see. There's Mr. Putin, by Fiona Hill and Clifford Gaddy. Insightful." —Vice President Joseph Biden in Joe Biden: The Rolling Stone Interview.
